## KEY EXPERIENCE

Sharon has a dynamic reputation as an innovative and strategic thinker, who is passionate about delivering sustainable results aligned to an organisations vision, values and operating culture. She is driven to identify opportunities to add real value (through cost, process, people, systems, safety) to your organisation.

She has operated across all levels as both a leader and advisor within an organisation and as a consultant. With establish procurement and project networks, she is excellent at maintaining strong relationships.

She facilitates outcomes through collaboration that identifies the true why (problem statement), develops out of the box solutions, with the ability to make a final recommendation and will stand by that process in implementation. She is energised by taking on the toughest challenges and making the hard calls.
