

Retail Energy (Electricity and Gas)

LB333

LB333 provides energy supply, including electricity and gas, to a wide range of purchasers. This Arrangement offering has expanded, increasing the energy options available to now include standard electricity, green energy, and Power Purchasing Agreements (PPAs). Eligible purchasers include but are not limited to, Queensland councils, not-for-profits and member based organisations.

Under LB333, Local Buy also manage, on behalf of participating organisations, aggregated energy contracts. These contracts are secured by Local Buy and ensure best value for money on maximum volumes. Local Buy's energy strategy also includes green and PPA options, where sought by purchasers.

Services include

- Street lights (unmetered)
- Unmetered Supplies (UMS) (Unmetered)
- Large NMIs (Metered)
- Small NMIs (Metered)
- Gas (Bulk and Cylinders)

About Local Buy - trusted, pre-qualified and compliant

Local Buy, part of the Local Government Association of Queensland (LGAQ), is the only organisation authorised under the Local Government Regulation 2012 (LGR) to establish LGA Arrangements. Fully compliant with the LGR, Local Buy mitigates risk, ensuring councils meet their obligations while setting benchmarks for innovation and procurement outcomes.

Our award-winning Arrangements provide access to over 4,800 pre-qualified suppliers across more than 55 categories and hundreds of subcategories of goods and services. Designed for Queensland and Northern Territory buyers, these Arrangements streamline procurement processes, delivering efficiency, compliance, and competitiveness while supporting local procurement priorities.

100% of profits are reinvested into councils, communities, and procurement across Queensland through sector leadership, technology, professional development, capability programs, advocacy, and partnerships – advancing procurement statewide.
